## DETAILED EXPERIENCES

### Scaleway - Engineering Manager

**2024** Paris

Engineering Manager of Serverless DB team (4 DevOps)

Build and Run of 2 products :

- **Serverless SQL Databases** are fully managed databases that automatically scale both in storage and compute according to workloads.  
**Stack:** Go, PostgreSQL, Kubernetes  
**Tools:** Gitlab, Jira, Confluence
  - **Data Warehouse** is a fully managed system designed to store and organize large volumes of data from various sources, optimized for analysis, reporting, and decision-making.  
**Stack:** Go, Clickhouse, Kubernetes  
**Tools:** Gitlab, Jira, Confluence
- 

### Ringover - Lead Backend Developer

**2020** Paris

Lead Backend Developer of Go API team (6 Backend Developers)

Build and Run of more than 15 Go microservices built with [Gin Web Framework](#), some notable ones using [Raft](#) consensus and others interacting with some HSMs.

**Stack:** Go, TiDB, NATS, Docker

**Tools:** Bitbucket, Jira, Confluence

---

### Interencheres - Software Engineer

**2018** Paris

JavaScript Full Stack Developer

Build of a live auction Web application.

**Stack:** JavaScript, Vue.js, Express, Elasticsearch, PostgreSQL

**Tools:** Gitlab, Jira

---

### VO2 Group - Software Consultant

**2013** Paris

Full Stack Developer (PHP, JavaScript)

Build of an hybrid mobile app [StopBlues](#) (Mental health app for depression) and of a Web application made with a CMS.

**Stack:** JavaScript, Vue.js, PHP, Drupal, MySQL

**Tools:** Github, Jira, fastlane

---

Full Stack Developer (Java, JavaScript)

Build of an hybrid mobile app [DeveryLight](#) (Geolocation app for French police officers) and of a Java microservice.

**Stack:** JavaScript, Angular.js, Java, Dropwizard, MQTT, Ansible

**Tools:** Github, iceScrum, fastlane

## Full Stack Developer (C#, JavaScript)

Build of 2 Single Page Applications for Essilor sales :

- NewPartner is used by sales to deal partnership contracts.  
**Stack:** C#, AngularJS, ASP .NET MVC, Entity Framework  
**Tools:** Visual Studio Online, Basecamp
  - NewDeal is used by sales to close discounted deals.  
**Stack:** C#, Backbone.js, ASP .NET MVC, Entity Framework  
**Tools:** Visual Studio Online, Basecamp
- 

## Ullink - Software Engineer

**2010** Paris

### Java Backend Developer

Build and Run of an order monitoring service integrated in a business suite for brokers.

**Stack:** Java, MySQL

**Tools:** Gitlab, Jira

---

## Capgemini - Software Consultant

**2004** Paris

### Backend Developer (C/C++, Java)

Build and Run of several back office and billing services.

**Stack:** C/C++, Java, Tuxedo, Oracle

**Tools:** Microsoft office

---

## HOBBIES

Bikepacking

Gaming

Spearfishing

## PERSONAL PROJECTS

### patterns

<https://github.com/Lajule/patterns>

Popular design patterns written with C++ template classes.

### ljs

<https://github.com/Lajule/ljs>

Little JSON Server is a "build your own" version of the famous JSON Server written in less than 500 lines of C.

### dice

<https://github.com/Lajule/dice>

Roll a dice from the command line.
